New minor
hockey
season
starts
tonightBy Doug Bassett
Elk Point Minor Hockey

September is here and that can only mean three things: back to school, farmers starting to harvest, and the most important to some of us, hockey season! This year as always the "AAA" and "AA" tryout camps are already started. Every year some of our more competitive players looking for a future in hockey leave our system to play at a higher calibre level.

The Elk Point Minor Hockey system may be far from perfect, but it does offer an excellent facility, ample ice time, skills clinics, good coaching, sportsmanship and competitiveness all for a reasonable price. Although playing in Elk Point may not be for everyone, every year we have had some of our players invited to the Western Hockey League and Junior "A" camps. If you read the banners in the arena, you will see that Elk Point has a great history of always being very competitive in their leagues and in provincials. Two of our strongest teams ever in this area were the 1995 bantam gold medal winners and the pee-wee silver winners in 1986. Last year, the boys midgets and atoms won their provincial zones and made it into the semi-finals in the provincial tournament. The boys' midgets, bantams, atoms and novice also all won their league division titles. Not too bad when you start to compare us with other towns.

And speaking of reason-

LOOK UP.... LOOK WAAAY UP -- Major renovations are underway at F. G. Miller High School. This tradesman is at work high in the ceiling area of the large student common area which is being constructed adjacent to the gymnasium.

Terry Fox Day proclaimed

On behalf of the citizens and Town Council of the Town of Elk Point, I hereby proclaim Sunday, September 14, 1997 as:

"TERRY FOX DAY"

People from Elk Point and across the country will soon put on their sneakers and run, jog, wheel, walk or bike in the Terry Fox Run for the Marathon of Hope. I hope that everyone participates, whether in the run, through pledges and donations, or as volunteers.

The overwhelming commitment and participation from the people of Elk Point serves as an annual symbol of the memory of Terry Fox and his message that "cancer can be beaten."

I applaud your valiant efforts to improve the lives of others and those yet to come. I wish you every success in your fundraising efforts and hope that the donations will help find the much needed cure.

Signed,
Mayor Ed Buck

Registration for the Terry Fox Run starts at 1:00 p.m. on Sunday, September 14 at the Elk Point Recreation Park gazebo, with the Run to start at 1:30 p.m. Hot dogs, cake and refreshments will be served at the conclusion of the run, and prizes including Terry Fox Run t-shirts will be awarded. Pledge sheets are available at both banks and at the Town Office.

Teachers, staff
and students
cope with school
construction

It's back to school and business as usual at F. G. Miller Junior - Senior High School, although portions of the school are a maze of newly framed walls, piles of lumber and workers atop ladders.

The home economics room, office and one classroom have disappeared, and in their place are the frameworks for a large student common area with food service, a roomy new library and a suite of offices for staff and principal.

The north and east hallways still swarm with students during breaks between classes, but their ceilings are a mass of exposed pipes above expanses of bare drywall, and bare light bulbs provide dim lighting. Classrooms along the east hallway are stripped to their bare cement floors, and show evidence of recent upgrading. Last week's rain found its way into the building, and huge fans are doing their best to dry out the area before the flooring installers arrive.

The students from the gutted rooms have been temporarily relocated to the gymnasium, the Further Education Centre south of the school and the Horizon Room of the A. G. Ross Arena.

An alcove outside the teachers' lounge and counselling office has become the temporary administration office, where school secretaries do their best to cope amidst the chaos. The intercom system doesn't reach the temporary classrooms, or at this point, some of the untouched ones, and messages to students are posted on a whiteboard just outside the two-by-four and plywood partition closing off the office. Still, the usual deluge of phone calls and administrative details that accompany the first week of school are being handled efficiently.

Principal Jim Hawkins even has time for a whirlwind tour of the construction, pointing out the large windows of the new student area to the framed-and-

(Continued on Page 6)

The ghost car cometh

By Sgt. Peter Sherstan
Elk Point RCMP

In response to increasing public complaints, rising traffic accidents and a general escalation in traffic volumes in the rural areas surrounding Elk Point the RCMP St. Paul Highway Patrol Unit will be conducting numerous unmarked patrols during the month of September.

These patrols will be conducted in unmarked vehicles with members in plain clothes. The members will not stop the offenders at the time of the incident; rather, the licence

number and the description of the vehicle will be recorded along with the particulars of the offence. At the end of the project a ticket will be issued to the registered owner of the vehicle, who, under the provisions of the Highway Traffic Act (Section 170) is responsible for any offence committed by his/her vehicle.

The intent of this project is to make the highways and county roads safer for everyone in the area. Please do not hesitate to contact me directly if any further information or clarification is required.

Have your say on how to celebrate Alberta's 100th birthday

By Paul Langevin, MLA
Lac La Biche - St. Paul

What's the best way to celebrate the province's one hundredth birthday? That's the question you're being asked to answer. From September 2 to 24, operators on the Centennial Hotline will collect your ideas on how to mark this important milestone in the province's history.

Developing a celebration plan has fallen to Alberta's 100th Anniversary Strategy Committee, chaired by Mrs. Colleen Klein. Mrs. Klein and her committee of prominent Albertans have been gauging Albertans' views on how to mark a phenomenal century of growth and progress. The input will be used to develop a list of recommendations, which are due to be submitted to the government by the end of 1997.

The hotline will be the primary vehicle for collecting ideas. "We considered a number of options, but we wanted a quick, simple, affordable way for all Albertans to be able to provide suggestions," said Mrs. Klein. She noted the generosity of Telus, which is paying for all costs associated with the Centennial Hotline.

"We're interested in all ideas, big and small," said Mrs. Klein. "We also want to hear from every sector of Alberta Society — the cultural, educational, economic, private, non-profit and so on. We want the celebrations to reflect the diversity of this province and to involve as many people as possible."

Mrs. Klein said she's particularly interested in hearing from youth. "Young people are our future, and their involvement will help to shape a celebration that reflects the optimism and excitement people feel about living here."

Homecomings, preparation of local and provincial histories and restoration of historic buildings are some of the ideas that have been suggested so far. "I want Albertans to test their imaginations and come with unique and innovative ideas to mark this anniversary."

Mrs. Klein added that no budget has yet been set for the centennial. "My job is to prepare a list of recommendations for government to consider. Our elected officials will make the final decisions based on my committee's report and develop an appropriate budget," said Mrs. Klein. "But I don't think you need to spend a lot of money to develop events and activities that are memorable and fun."

Mrs. Klein added that while 2005 seems a long time away, a centennial celebration will take a lot of planning, coordination and preparation. "Getting an early start will ensure we orchestrate a celebration fitting this province and this milestone. We want it to reflect the pride that Albertans feel for their province."

The Centennial Hotline will be operated 24 hours a day from September 2 to 24. Call 1-888-844-2005 to share your ideas. Deaf or hearing

impaired with TDD/TTY units can call 427-9999 from Edmonton and 1-800-232-7215 from other locations. Written submissions can be sent before October 17 to Alberta's 100th Anniversary Strategy Committee, c/o Old St. Stephen's College, 8820-112 Street, Edmonton, T6G 2P8.

As your MLA, I encourage you to share your ideas on how to make Alberta's centennial a year to remember, and plan to celebrate in 2005!

Minor Hockey getting set for '97-'98 season

(Continued from Front Page) able rates, not everyone may realize this, but by working your booth shifts and bingos we are able to keep the fees down. Without the booth shifts and bingos, your ice fees would cost you an extra \$400. Think about that the next time someone calls on you to volunteer your time. Volunteers are the backbone of our organization, their hard work ensures

entertainment and enjoyment for everyone.

Tonight, Elk Point Minor Hockey will hold their first general meeting of the season at 7 p.m. at the A. G. Ross Arena Horizon Room. On the agenda will be the setting of ice fees, registration dates, team forecasts and the new team manager's guidelines. Everyone is welcome, so please try to attend.

Get to the heart of the matter!

Next time you're feeling a little down, get out and get active. For a feeling you can really take to heart!

From the FCSS desk...

The FCSS Board looks for a new member

By Deanna Easthope
FCSS Director

Fall is here and with it Board and committee meetings are back in full swing. We all had a nice summer break and now it is time to get back into routine.

Over the summer, one of our FCSS Board members moved to the country. What it means is that the Town of Elk Point Family and Community Support Services (FCSS) now has a vacancy. If you live in the Town of Elk Point and are interested in becoming involved, along with the other members of the FCSS Board, give Deanna Easthope, Town of Elk Point FCSS Director, a call at 724-3800 or stop by the office at 4902-51 Street during the office hours of 9:30 a.m. to 3:00 p.m. every day of the week. (It is the building just south of the Elks Hall).

From the new people who

have arrived in our town and have stopped by the office, the question easily asked is, "Just what do you people do?" Likewise, if the FCSS Board is looking for a new member, the question which could be asked is, "Just what do FCSS Board members do?"

Basically, and probably most simply put, in trying to state what FCSS does in a sentence or two is the following: Family and Community Support Services is a cost-shared partnership between the Provincial government and the Town of Elk Point to facilitate resources with the help of local volunteers so that all of us become a partnership to strengthen our families and consequently, our community of Elk Point. In other words, FCSS is a preventive social service program which works within the community with the function of strengthening. Or, another

way of putting it simply is: "PEOPLE HELPING PEOPLE TO HELP THEMSELVES."

Thus, in becoming involved as one of the FCSS volunteer Board members, your contributions are greatly appreciated. Board members are the eyes and ears of the community. As the FCSS Director for the Town of Elk Point, I really value the contributions of Board members. Their guidance and feedback is valuable to me.

There is a story told of a young agricultural graduate who looked over a farmer's field and criticized his method of cultivation. "Why, I'd be surprised if you get ten tons of beets from this field," he said. "So would I," the farmer replied. "That's a potato field!"

Likewise, it takes a person who lives in the Town of Elk Point to understand local resources and needs. Whether you have lived here a short

time or if you have lived here for a longer time, and if you are interested in becoming involved as a FCSS Board member, please call or visit Deanna.

How is Alberta's health system performing?

You are invited to participate in a review of the performance of our health system and its impact on you.

**A session will be held in St. Paul on
Monday, September 22, 1997
at the Recreation Centre from 6:45 to 9:00 p.m.**

Everyone is welcome.

The Provincial Health Council of Alberta was established to judge how Alberta's health system is performing. The Council reports annually through the Minister of Health to the Legislature and to all Albertans.

Dates and locations of other meetings in this round of consultations are:

September 9	Lethbridge	Lethbridge Lodge
September 11 & 12	Edmonton	Chateau Louis
September 15 & 16	Calgary	Crossroads Hotel
September 17	Stettler	Heartland Lodge
September 24	Fort McMurray	Sawridge Hotel
September 25	Peace River	Catholic Education and Conference Centre

Equus Consulting is managing this project for the Council.
Call 1-800-361-9362 for more information.

**Provincial
Health Council
of Alberta**

View Points

In 1977 eighteen year old Terry Fox lost his leg to bone cancer. He was so affected by the suffering of other cancer patients that he decided to run across Canada to raise money for cancer research. During his Marathon of Hope in 1980 Terry ran an average of 26 miles a day for 143 days until he was forced to stop due to a return of cancer. He died in June 1981.

Terry's dream to find a cure for cancer lives on today in the annual Terry Fox Run. Runs are held in over 1,000 communities across Canada and in 58 countries around the world a fitting tribute to a man who knew that cancer has no boundaries. Including Terry's Marathon of Hope, over \$180 million has been raised to help scientists and doctors find the secrets behind the early detection, treatment and cures for all cancers.

The citizens of Alberta and the Northwest Territories have contributed magnificently to The Terry Fox Run for the past 16 years. In 1996 you raised over \$870,000. Through your efforts Terry's dream and our own dream of finding a cure for cancer will be realized.

For more information on the Run in your community please contact:

FOR WHOM THE BELL NO LONGER TOLLS — Retired teachers from the Elk Point area salute their successors returning to the classrooms, at their annual first-day-of-school breakfast.

Retired teachers salute successors

A group of retired teachers enjoyed the first day of school with breakfast at the Empress Restaurant.

Three or four school bells

were rung at 8:45 a.m., with a toast and well wishes to all the teachers returning to their classrooms proposed by Sid Holthe.

Thirteen retired teachers enjoyed reminiscing. However busy and rushed retirement can be, they still take time to get together and have fun.

Muscular Dystrophy Month proclaimed

September 1997 has been declared Muscular Dystrophy Association of Canada Awareness Month in Elk Point. Mayor Ed Buck made the proclamation at the August 11 regular meeting of Town Council, and said he was pleased to support the efforts of the Association on such a worthwhile cause.

The objective of this first-ever Awareness Month is to increase public awareness and to raise funds for research, equipment and education to benefit those individuals affected by over 40 neuromuscular disorders which fall under the Association's umbrella.

Caring for Alberta's highways

By Paul Langevin, MLA
Lac La Biche - St. Paul

Thank you, Albertans, for caring and taking the time to keep our primary highways clean.

Alberta's scenery is spectacular, but that scenery can be marred by the sight of candy wrappers, cans, bottles and other garbage littering the highways. Under the Caring for Alberta's Highways (Adopt-a-Highway) program, we can keep the beauty and get rid of the litter by working together.

The Adopt-a-Highway program started in Texas in 1985 and has spread to most states and into Canada. Alberta's very successful program was started in 1994 by Alberta Transportation and Utilities and is modeled after the Texas program.

Through 680 adoptions, 2344 kilometres of highways are cleaned by companies, individuals, families and community groups/organizations. The 2344 kilometres adopted represent 18 per cent of Alberta's primary highway system of approximately 13,000 kilometres.

Anyone can participate in the Caring for Alberta's Highways program. Volunteers can be from a community organization, a local business, a group of concerned citizens, or a family who want to make a difference to our environment. Participants must be at least 10 years of age.

Groups volunteer to remove litter along an "adopted" section of primary highway, from three to five kilometres, for a minimum of three years. A sign identifying the adopting group is placed at the beginning of the adopted stretch of highway. Volunteers must pick up litter from the ditches of their section of highway once a year, except during the annual highway cleanup weekend in early May. Safety is a main concern of

Alberta Transportation and Utilities, so safety vests and training aids are available for volunteers. AT&U provides garbage bags for collecting litter and removes the garbage.

To join, simply fill out a Caring for Alberta's Highways application form. The forms are available at AT&U offices throughout the province. Applications are treated on a first come, first served basis. For more information on the program, contact Alberta Transportation and Utilities by calling toll-free 310-0000 from anywhere in Alberta and asking for 415-1029. For deaf or hearing-impaired service call toll-free 1-800-232-7215 outside Edmonton. In Edmonton, call 427-9999.

Albertans appreciate the beauty of their province and many tourists come here because of the beauty and cleanliness. This program shows that volunteers throughout Alberta take pride in the province and have made a commitment to keep our province clean and attractive for all to enjoy.

My office address is: Box 2858, St. Paul, AB T0A 3A0.

Music and tall tales at Fort des Prairies Jamboree

The hills above the North Saskatchewan rang with the music of fiddles and guitars on Sunday, August 24, as Fort George and Buckingham House Interpretive Centre presented their third annual Fort des Prairies Jamboree. Twenty five entertainers took to the stage to offer song and story in a western vein, and nine groups and individuals offered up some very tall tales in the annual bullshooting contest. The day also featured a pancake breakfast put on by the interpretive staff and volunteers.

Adelard Bilodeau of Bonnyville was master of ceremony for the afternoon, which started off with Gordon Collins, trying out a brand new fiddle on some favorite tunes. Bilodeau also provided some fiddle music, backed up by Babe Sharkey, Grace Meger and Bernadette Roberts.

Omer and Bernadette Roberts were the first vocalists on the program, offering Waylon Jennings' "Amanda" and Don Williams' "My Best Friend" to the delighted crowd. Babe Sharkey on violin and Eddie Poitras on guitar accompanied Grace Meger's accordion and vocals in old favorites, "There Goes My Everything" and "Springtime in the Rockies." Sharkey's fiddle was featured in another pair of numbers.

Connie Axel continued the program with Don Williams' "In Love With a Rodeo Man" and Hank Snow's "I'm Movin' On." Eddie Poitras was next in the spotlight with his fiddle, backed up by Sharkey, Mrs. Meger and Clarence Smith. A family-style performance, with

Ray Letourneau on fiddle, wife Jeannette on keyboard and daughter Margaret on spoons, set all toes tapping.

Vocal selections by Melvin and Vi Ward, who started out with "Don't Be Angry," and Guy Bouchard and Clarence Smith, who offered Merle Haggard's "Sing Me Back Home" and "Rocky Top," came before and after Roy Scott with his mule bones, accompanied by Bilodeau's fiddle and Sharkey's banjo.

Local performers Rob Holliday, Gabe Bayduza and Marge Heffernan followed an original number, "Yesterday Land," with two old favorites, "When My Blue Moon Turns to Gold Again" and the amusing "Sweet Violets."

Two cowboy poets were part of the program, with Vicki Brooker talking about the lighter side of rodeo life and Ezra Eberhart of Holden offering a more serious view of the western past and a centennial cattle drive.

Bernadette Roberts was back with country vocals accompanied by Clarence Smith, before Andrew Pearson took the stage with his renditions of "Livin' on Love," "Don't Just Lay There" and "Big City."

Jamboree newcomers Tim and Dawn Krause of Dewberry made their debut with the Everly Brothers' "All I Have to do is Dream" and John Denver's "For Baby, for Bobby."

Walter Anderson wound up the first go-round of entertainers with some great fiddle tunes, accompanied by Eddie Poitras, Andrew Pearson and Roy Scott.

Then it was tall tales time, emceed by Marge Scott, and the crowd heard tales of everything from courting to bear hunting from five adults,

(Continued from Front Page)

-sheathed areas which will be the new home economics area and an enlarged mechanical area to accommodate the school's utilities. He indicates the piping stretching the length of the hallways for the new fresh air circulation system, and the walls of windows in his new office which will overlook the main entrance.

It's not too difficult to be cheerful about the temporary upheaval, when work is progressing well on the upgrading project, and some parts are scheduled for imminent completion. Late this week, the upgraded classrooms will be back in business, and the displaced students and teachers will return to more conventional accommodation for their classes. The focus will then turn to the offices, library, student area and home economics addition, all slated for completion at the end of October.

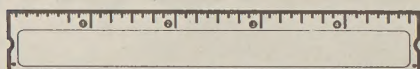

The final stage of the renovation, once the staff have moved to their new quarters, will see "walls coming out" at the north end of the school,

Hawkins says, and the present library renovated for use as a business education classroom. The entire project should be finished by late February or early March 1998.

NEW CONSTRUCTION -- above, includes an addition which will house the new Home Economics room to the left of the tree, and a small addition to the mechanical room.

FRAMEWORK for the future library (left) indicates a bright and roomy area just off the new student common area near the main entrance and gymnasium.

Jamboree at the Forts

(Continued from Page 5)

Lillian Laboucane, Christina Sereda, Gordon Collins, Ed Zaraska and Walter Anderson, and four groups of youngsters, Austin Jurak, Aaron and Warren Jurak, Matthew Laboucane and Nathan Jurak, and Roseanne, Ian, Aaron and Nathan Jurak. Winners were decided on the basis of applause, and a tie was declared, necessitating a speakoff between Walter Anderson, who obliged with a hunting tale, and Gordon Collins, who told the winning story about a Metis wedding.

Door prize draw winners were John Zenko, Freda Popeil and Margaret Young.

Another round of entertainment wound up the afternoon.

In Red River Jig time

Roy Scott's miniature dancer keeps time with the two dancers on stage to music provided by Walter Anderson's fiddle and Andrew Pearson's guitar at the Forts des Prairies Jamboree.

GRAND TOURING 500 ST. PAUL 645-4499

Numac Energy is building momentum for sustained growth and has taken the initiative to position the Company for the future. Our strategy is to be a "top fifteen" Canadian oil and gas company by the year 2000. We are currently seeking experienced operations personnel for our Manatokan field located near Bonnyville, Alberta.

Battery Technician

Reporting to the Area Supervisor, the successful candidate will be responsible for the operation of the 7,000 bopd Manatokan Heavy Oil Battery, scheduled for completion in November. This will include the hiring, training and scheduling of personnel; managing the budgets; day-to-day operation of battery, scale and sand, as well as safety and environment issues; liaising with marketing with respect to shipping product and condensate blending; and capital planning. Battery start-up, maintenance planning and implementation along with the security of the facility are also components of this role.

Field Operators

Each field operator will be responsible for a specific set of single wells and pad wells, including day-to-day surveillance, optimization, and maintenance and will be involved in the budget process. Concerns regarding safety and environment will be handled by the operators and each will be involved in dealing with the Production Engineer, contractors, and trucking fluids, along with inputting of production numbers to field data capture. The start up of new wells, approval of expenses, cost control and supervision of flushbys and pressure trucks are also responsibilities.

The successful applicants will possess a Grade 12 education complemented by a minimum of three years' direct operating experience in heavy oil. A valid Alberta driver's license is also required.

Numac Energy Inc. offers a competitive salary as well as a challenging work environment where each employee's contribution is highly valued. If you are an energetic individual interested in a challenging opportunity and possess the above qualifications, please forward your resume, stating position of interest, by September 19, 1997 to:

What's news at the library?

More plants, expertise needed for anniversary garden

By Michele Duczek
Librarian

Earlier this summer I mentioned that the Elk Point Public Library is celebrating its 50th Anniversary this fall and we were planning a flower bed at the library as part of the celebration. Since that announcement, some people have come forward with cash donations or promises of plants and bulbs to put into this garden. We do, however, need a lot more to give our garden a good start. If you have plants or bulbs that you are splitting and would like to contribute to the library, or if you would like to make a cash donation to help us with our garden, or if you are willing to contribute a little labor or a little expertise (all of which

would be appreciated), you can talk to Michele at the library. The creation of the garden is just part of our celebration. Stay tuned to this space for further news.

New in nonfiction:

Jennifer Gould travelled through the crumbling Soviet Union in 1992 and *Vodka, Tears and Lenin's Angel* is her story of what she found there.

The life of one of Canada's best known and respected writers is revealed in *The Life of Margaret Laurence* by James King.

And new in children's fiction:

Nancy witnesses a young woman being attacked and it leads to a lot more than a simple mugging in *Strange Memories* from the Nancy

Drew Files.

Elizabeth falls in love with an engaged prince, Jessica is accused of stealing an emerald, and both twins end up in the dungeon in *To Catch a Thief* from Sweet Valley High.

Nancy runs into Frank and Joe in Williamsburg, Virginia and together they investigate death threats and a real murder in *Exhibition of Evil*, a Nancy Drew and Hardy Boys Super Mystery.

The girls are training themselves and their horses for a new activity, endurance riding, but an annoying rider keeps getting in the way in *Endurance Ride* from the Saddle Club.

Read about how it all started

for the girls in the Saddle Club in *Before They Rode Horses*, a Saddle Club Super Edition.

The twins enrol in a two-week summer program at Sweet Valley University and enjoy romance and mystery in *The Twins go to College*.

And for adult mystery fans: The mayor of a small town in Siberia is asked to investigate the killing of three men and turns up an old horror long thought dead in *Siberian Light* by Robin White.

A dead historian draws Elena Oliverez into an investigation leading back to the murder of union organizers in the 1930s in *The Legend of the Slain Soldiers* by Marcia Muller.

LIBRARY CALENDAR

Fridays, 10:30 a.m. — Storytime. Everyone welcome.

Saturday, October 11 — The Friends of the Library have an evening bingo.

OBITUARY

BENDIXEN, Gail Vera —

On September 6, 1997 Mrs. Gail Vera Bendixen of Heinsburg passed away at the age of 46 years. She is survived by her loving husband, George; 2 daughters and 1 son, Arlene and her husband Vince Nelson of Marwayne, Denise Bendixen and her friend, Sheldon Ballas of Heinsburg, and Marty Bendixen of Heinsburg; 1 granddaughter, Madison Gail; 1 brother and 2 sisters, Pat and her husband Eddy Zarowny of Elk Point, Joanne and her husband Rocky Sharkey of Heinsburg, and Bryan Rosychuk and his friend, Judy of Edmonton. She was predeceased by her parents, Helen and John Rosychuk; and 1 brother, David.

Funeral Service Wednesday, September 10 at 2:00 p.m. at the Heinsburg Community Hall, Heinsburg. Pastor Greg Kern will be officiating with interment in the Frog Lake Community Cemetery, Heinsburg. Following the interment, lunch will follow at the Heinsburg Community Hall. If friends desire, donations to the Canadian Cancer Society c/o Box 425, St. Paul, AB., T0A 3A0 would be greatly appreciated.

Yewchin's Funeral Chapel Ltd., St. Paul, 645-5177.

OBITUARY

LYTLE (McGINNIS), Margaret Reid

On September 6, 1997 Mrs. Margaret Reid Lytle of Elk Point passed away at the age of 85 years. She is survived by 2 sons and 1 daughter, Melvin McGinnis and his wife Jean of Elk Point, Don McGinnis and his wife Elizabeth of St. Paul, and Fern and her husband Philip Holland of Edmonton; 9 grandchildren; 11 great-grandchildren. She was predeceased by her first husband, Roderick McGinnis in 1953; her second husband, James Lytle; and 1 brother, Edgar Edwards.

Prayer Service Tuesday, September 9 at 7:30 p.m. at Yewchin's Funeral Chapel, St. Paul. Funeral Service Wednesday, September 10 at 11:00 a.m. at the Elk Point United Church, Elk Point. Reverend Paulette Phillips officiating with interment in the Elk Point West Cemetery, Elk Point. In lieu of other tributes, donations to the Heritage Lodge, Elk Point, c/o Box 425, St. Paul, AB., T0A 3A0 would be greatly appreciated.

Yewchin's Funeral Chapel Ltd., St. Paul, 645-5177.

Branch Managers

NEWALTA CORPORATION, a western Canadian-based resource management and environmental services company, is primarily involved in the recovery of resaleable products from waste materials and in the treatment and disposal of waste materials. The Company is publicly traded on The Toronto Stock Exchange and offers services to two distinct market segments: waste generated from crude oil production; and waste lubricating oils and related waste materials from automotive and industrial generators. The Company's network of facilities, with 325 employees throughout western Canada, operates at the highest safety and environmental standards. Newalta's Oilfield Division, providing premium customer service, has developed a network of facilities strategically located in the major areas of crude oil production. Providing a broad range of high quality services to producers in

northeast Alberta and northwest Saskatchewan, our growth has created challenging opportunities for experienced Branch Managers to demonstrate their leadership abilities in the Lloydminster and Hughenden areas. Reporting to the District Manager, the Branch Manager will have overall responsibility for the safe and efficient operation of the branch facility. This will include capital management, budget preparation, financial reporting and administration.

As a highly motivated team player with excellent interpersonal and communication skills, you are a proven leader, motivator and developer of employees. You have developed exceptional organizational and problem-solving skills and a proven track record in excelling in customer service. Possessing a post-secondary education you have more than three years of relevant oilfield experience managing a small facility.

If you are ready to meet our challenge and share in our success, please forward your résumé, in confidence, detailing your experience and abilities by September 19, 1997 to:

NEWALTA CORPORATION
1200, 333 Eleventh Avenue S.W., Calgary, Alberta T2R 1L9
